LITTLE ROCK, ARK.

POLITICS STILL THE LEADING TOPIC OF CONVERSATION.

Powell Clayton Interviewed on the Situation-The Chances of the Democrats.

INPROVAL TO THE APPEAL. LITTLE ROCK, ARK., July 26.-Politics-Republican, Democrat, Green-backer and Wheeler-is the leading topic of conversation in Arkansas just now. The remarkably good ticket put up by the Republicans at their convention here last week is causing the Democrats to whet their old saws and prepare for battle, and though there is not a ghost of a show for the opposition the party in power has de-termined to show the Rads just how required in New York, the mortgage for State Land Commissioner is the to be laid on the plant alone. Powell Clayton left for Eureka Springs Your correspondent saw him rives a revenue of \$40,000 a year, at \$2 a thousand," said Vice President Lake, of the Birmingham railroad party wasn't committed to the claims Laske, of the Birmingham railroad of any candidate for the Presidency yesterday, adding that she was also beginning to obtain a revenue from the depict of the Presidency in 1888, but was in favor of any man who could win. He depict the rumor who could win. He depict the rumor that he had dec'ared for Blaine for next President and said there was no foundation for such a report. He thought, however, that the cle-ment favorable to the "Plumed Knight" Knight" would have the power of naming the next candidate, whether that man be James G. Blaine or some other of the able Republican leaders. Gov. Hughes and State Treasurer Woodruff returned yesterday from an extended trip over the State, where they have been cheering up the faith-

ful. Everywhete they were enthusi-astically received, and both gentlemen spoke daily in each county through which they traveled. Returns tonight from Scott county indicate that Judge -Miss Kittle Cheatham, of Nashville, Rogers has carried the instructions who has relatives and acquaintances by a large majority. Both Rogers and Col. Terry of this city are now in Logen in the McCaull company, is now awaiting orders which she expects ground of the district, and both are every day. Miss Cheatham has made engaged in making stirring speeches to the voters of that bailiwick. candidates claim this county, and which ever one does carry it will have a sure thing of the Congressional nomination. There are yet four counties in the district to hold primsries; this and the Fifth ere the only places where a contest is being waged. Hugh A. Dins-more, of Fayetteville, is making the race in that district against Hon. Sam W. Peel, present incumbent.

CORRESPONDENCE OF THE APPEAL. Germantown, Tenn., July 25.— Again is the politiciau abroad in the land, and his voice may be heard in every village and hamlet as he descants on the meri's of his favorite candidate. But he has had but a poor show in our town for the past poor show in our town for the past three weeks, political interest, or, we might say, all interest, has been ab-sorbed by the interest which is taken in a revival which has been going on at the Methodist Church at this place for the past three weeks. There have been near fifty conversions, among whom are some of the best citizens of our neighborhood. The religious feel-ing is a weeping like a tidal wave over ing is sweeping like a tidal wave over the entire community. Often the building is found too small to accommodate the congregation. Mand S. Vully Up to Her Best Form. New York, July 26,-John Murphy took his weekly trip up to Mr. R. bert Bonner's farm near Tarrytown, on Saturday, to give Mand 8, a spin in the course of her regular work in preparing for the coming trial, in which Mr. Bonner expects she will be able to beat her own record of 2:082, the best in the world, Mr. Murphy jumped into the sulky, and after giving her a jog of two or three miles, said: "Tais mare is a flying. I think I'll have to let her out for a quarter, to take the rough edge off." She was sent away, trotting as trae as a die. She flew over the ground

and made the quarter in the wonder-ful time of 0:303, a 2:02 gait. Everybody present, including her owner, was delighted at hir spord. The fact that she had made a quarter mile a week before in 0:311, a 2:06 gait, showed that she cond trot a quarter in these low figures whenever she was called on to do it.

His Home Run Hit Captured the Heart of an Heiress.

It was a close and exciting game. Eight innings had been played, and the score stood tie. Memphishad retired its opponent in the ninth inning without scoring. Memphis was at the bat. Two men were out. Two strikes had been called upon the man at the bat. The next ball pitched came straight toward him. Then it took a sudden curve. He swung his bat. Would he miss it? The excitement was painful. There was a quick, short stroke. Ah! he has hit the ball. Away high in the air it sails. See, the center fielder is chasing it. The spectators hold their breath. Suddenly there is one tumultuous shout. The ball has gone far over the head of the fielder, who is chasing it. Around the bases speeds the batter. He touches the home plate and the victory is won. Bouquets are showered upon him. He looks upjust in time to see a lovely girl take a bunch of roses and throw them at his feet. As he gracefully picks them up their eyes meet. A humble base ball player has
